

2017 employment opportunities across PEI in the aquaculture & fisheries industry

by Stella Shepard

PEI's aquaculture and fisheries industries offer job opportunities in many communities across PEI, and they are looking to hire people for a variety of roles. *The Employment Journey on PEI* contacted a number of industry employers across the Island to ask about job opportunities this year.

Most seafood processing plant jobs start in April or May, but most aquaculture plants are open year-round. Apply as soon as possible!
